Serial No. 10/708,121

Amendment Under 37 CFR 1.312

Page 2

AMENDMENTS TO THE DRAWINGS

Please amend the drawings by substituting the revised Figure 2 appearing on the following page for the original Figure 2.

REMARKS

The revised Figure 2 set out on the preceding page simply adds reference numeral 306 for consistency with Paragraphs 63 and 64 of the specification.

Entry of this Amendment Under 37 CFR 1.312 is respectfully requested on the grounds that it will not require extensive review by the Examiner, being confined to insertion of a single reference numeral into a drawing, but will facilitate understanding of the patent by removing an inconsistency between the specification and drawings.

Respectfully submitted
